LIBRARY'S SUPPORT

Is Assured by New School Board's Annual Tax Levy.

ONE MILL WILL BE SET ASIDE

For the Popular Institution—Board Organized Harmoniously and Elected Principal Wiley and High School Teachers.

A complete organization without opposition, the levying of a special tax for the maintenance of the Carnegie Free Library and the election of a Principal and High School teachers were features of the first meeting of the new Board of Education, held in the Fourth Ward High School Monday evening. The session was quite a long one and considerable business of interest to the schools and the payers was disposed of.

After the old board had adjourned sine die, Dr. M. R. Shupe was called to the chair. Unanimously and without a hint of opposition, E. C. Higbee was reelected president; Robert Welsh, secretary, and Thomas Holt, treasurer. The slate announced a few days ago in The Daily Courier was carried out with the exception of president, E. T. Norton being too much pressed with business to accept the honor. President Higbee made a short address, thanking the old members of the Board for the courteous treatment he has received in the past and hoping for a continuance of the same pleasant relations. The treasurer's bond was fixed at \$16,000, and then the Board turned its attention to a discussion of the tax levy for the ensuing year. As soon as the tax levy was mentioned the matter of the maintenance of the Carnegie Free Library was brought up. Director Welsh thought it could be held over because no formal demand had been made upon the new Board by the library trustees, but the old directors thought enough demands had been made in the past to answer the present purpose.

The Tax Levy.

A suggestion that the Board wait until Town Council has taken action on the levy was not thought consistent and Robert Welsh made a motion laying the tax levy as follows: Ten mills, divided among three funds, 1 mill for building fund, 1½ mills for Sinking Fund and ½ mill for the General Fund, with the understanding that from the General Fund enough be set aside for the Board's share of the Library Maintenance Fund. The offering of this motion started a long discussion. The opinion of Attorney D. M. Herzog of Uniontown was produced. Its principal feature is that the Board must levy a tax for the specific purpose of library maintenance in order to obey the strict letter of the law. According to this opinion, which was secured some months ago, it would be unlawful to divert money from the regular school funds for library support. Attorney Higbee said he differed from Mr. Herzog's opinion and thought the provisions of Mr. Welsh's motion would be sustained by any court, but he further thought that the Board should be perfectly sure of its grounds and therefore favored the levying of a special tax for the library.

LEADS ARE ORGANIZED.

Want a Game With the Fats at the Earliest Possible Date.

The Lean Men's base ball team has been organized among the business men of Connellsville and New Haven. James L. Stader is captain of the new pines and he wants to hear from the Fats as soon as possible. Following is the lineup of the Leans: H. C. Norton, left field; J. R. Davidson, right field; F. R. Graham, first; E. L. Sherrick, second; W. D. McGuire, third; Robert Norris, short; E. C. Higbee, pitcher; James L. Stader, catcher; extra pitchers, Dr. J. D. Peterson, W. F. Solson, E. M. Mentzer, and A. W. Bishop; extra fielders, P. Ludwig, J. A. Armstrong, J. M. Gardner, Arthur B. Kurtz, Robert McFay, H. L. Douglas, A. D. Solson, J. C. Simard, and W. J. Bailey.

The leaders of the Fat Men's team are Clair Stillwagon, C. A. Brill, Dr. C. S. Horner, W. H. Brown, H. M. Kephart, Andrew Thompson Douthell, and Quimby Marletta, official rooster. The Leans want a game on June 14 or 15, weather permitting. It has been suggested that the stores be closed and a half holiday be given over to the sport.

TENTH'S BIG DAY.

Orders for the Movement of the Regiment Next Saturday.

From the headquarters of the Tenth Infantry at Washington, Pa., Colonel James E. Barnett has issued General Order No. 6 for the movement of the old and new Tenth regiments at the dedication of the Colonel Hawkins monument in Pittsburgh next Saturday, June 11. The orders provide that the regular blue uniform will be worn with blue caps, blue shirts, leggings and white gloves. The members of the old regiment will wear blue shirts, brown or khaki trousers, black shoes and campaign hats.

The regiment will be formed on Ninth street, Pittsburgh, at 12 o'clock. M. The field, staff, band and First battalion will lead, followed by the old Tenth in its old formation. This will be followed by the colors and the Second battalion. Field and staff will parade dismounted.

Each Company will be allowed a sum sufficient to provide one day's cooked rations for each man. The guardsmen will carry haversacks and canteens.

RULES FOR CARRIERS.

Salaries Will Be Based on Number of Miles Traveled.

Washington, June 7.—Salaries of rural free delivery mail carriers will be adjusted on the basis of the number of miles traveled. The following statement regarding the outside business privileges of rural carriers has been issued at the postoffice department:

"Rural carriers are not permitted to solicit business or receive orders of any kind from any person, firm or corporation, and cannot, during the hours of their employment, carry any merchandise for hire, except that they may carry merchandise for hire and at the request of patrons, provided the same shall not interfere with the proper discharge of their official duties."

"No suitable matter may be handled by rural carriers unless the proper postage has been prepaid, with the single exception of county newspapers."

"The bite for merchandise carried on request must be paid by the patron. Carriers will not be permitted to receive compensation from the seller of such merchandise."

"Articles or packages, which are mailable, which are handled to the carrier or deposited in the postoffice or in a rural letter box or in a collection box located on a rural route, with request that the rural carrier deliver same, are subject to the rules regulating mail matter, including the payment of postage thereon."

"Articles or packages, which are mailable, which the patron desires the rural carrier to carry, must be delivered to the carrier in person, and if carrying merchandise for hire, rural carriers are not permitted to leave their routes as officially laid out or to accept anything that will interfere with the efficiency of the service."

The Library's Needs.

The matter of whether one-half mill would be sufficient was then discussed. President Higbee explained that the Library has been practically without funds since its opening; that many of the books are in an unserviceable condition and that considerable expense has already been incurred by the Library trustees. Counting off, exonerations, inaccuracies in the tax duplicate and other shortages which usually occur, it was plain that the one-half mill levy would yield only about \$1,400 and this, with a like amount from Town Council, was not deemed sufficient for the present needs of the Library. This motion was voted upon and lost. Director Norton then made a new motion, naming 1½ mills for the Sinking Fund, 1 mill for the Building Fund, 1 mill for Library Maintenance and ½ mill for the General Fund. After considerable discussion this motion was voted upon and carried, there being only one dissenting vote, that of S. G. Zimmerman. It was suggested that the Library management give the School Board a monthly statement of expenditures after the appropriation has been paid over.

Directors W. S. Schenck, H. F. Atkinson and Robert Welsh were then elected Library trustees, to serve until the expiration of their terms.

Teachers Elected.

Unanimously and without opposing nominations, J. P. Wiley was elected principal; Miss Ethel Skill, principal of the High School; Misses Martha Thompson and Alice Horner, High School teachers. Their salaries were fixed the same as last year, as follows: Principal, \$1,500 per year; High School principal, \$900 per month; High School teachers, \$65 per month.

Director Welsh suggested that all the teachers in the grades under the High School be given a raise of 10 per cent. He cited as a reason for this that the Principal and High School teachers had been raised last year and that it was only fair that the other teachers should follow them in this consideration. The matter was held over until the full corps of teachers is elected.

Committees appointed.

It was decided that the school term begin August 22 and extend through nine months. John McNamara was elected janitor for the school buildings for the summer months at a salary of \$30 per month. The secretary's salary was fixed at \$225 per year and the treasurer's salary at \$130 per year. The following committees were appointed by President Higbee: Building, Schenck, Zimmerman and Norton; Supplies, Shupe, Holt and Welsh; Finance, Atkinson, Norton and Zimmerman. A motion of adjournment was then passed.

Bills Paid.

Before the old Board adjourned the following bills were ordered paid: The Aaron Company, supplies, \$5.84; Connellsville Water Company, \$15.60; Shell Hardware Company, supplies \$11.19; F. T. Evans, plumbing and supplies, \$35.92; Charles T. Mitchell, janitor's supplies, \$3.70; Fayette Lumber Company, repairs, \$21.22; A. S. Corbin, hauling, \$65.70; J. M. Peterson, \$1; F. Burton, supplies, \$2.10; O. V. Kooser, hauling, \$21.62; Connellsville Planting Mill Company, lumber, 30 cents; Marletta & Stillwagon Coal Company, coal, \$10; W. S. Schenck, treasurer, \$1.30; S. G. Zimmerman, secretary, \$223.92; J. D. Wilson, repairs to Fourth Ward building, \$10.15; B. C. Slouffer, hauling, \$26.57; total, \$622.14.

CONFLUENCE.

Interesting Items from Somerset County Hustling Town.

Confluence, June 6.—There are a large number of householders in the borough who would put electric lights in their homes if they were solicited and the advantages were shown to them. It would be well for the Council to procure a competent man to canvass the borough and show the citizens the advantages to them both as taxpayers and householders, of having their homes illuminated by electricity. There is no business that will prosper without a certain amount of advertising, and a municipal electric light plant is no exception to this rule. We heard a man say recently that he would be willing to do this at a small expenditure to the borough and it would be well for Council to take this matter up and engage the services of a competent man to present this matter to the householders.

Some time ago we had a mad dog scare and Council met and passed an ordinance that all dogs found on the streets without a muzzle on should be shot. It only took one dog to set off that ordinance. We have another dog, but as we can't kill him we are puzzled to know what to do with him. He is the dog in the manger. He can't eat the hay and won't let the eat it.

Humbertson, June 6.—There was quite a large crowd attended the court at Humbertson Saturday afternoon to hear the decision of Squire Humbertson in the trial between E. Evans and Isakal Umphrey, prosecutors, and Nelson Cung and Samuel Lakel, defendants. Evans and Umphrey contended for some money alleged to be due them on a job of logging. They had the logging under a written contract and when that had expired, Samuel Lakel, Nelson Cung's agent, came to Evans and Umphrey and made a verbal contract for some extra logging which Cung claimed to know nothing about but which Evans and Umphrey were qualified to so judge. Humbertson gave them judgment for the full amount, \$60.62, as Lakel failed to appear at the hearing. Cung is talk of taking an appeal on the judgment as Lakel denies ever making any contract with them.

**OUR
Summer Clothing**
The Talk of the Town.

This statement may seem to you an exaggeration, common trade talk, but we can vouch for it nevertheless. The perfect fitting qualities these clothes possess have converted many men from their old ideas that nothing but custom-made clothes would fit them, and they have told their friends, who in turn came and were likewise convinced. No one could fit you more perfectly than we can; and these cool, unlined summer suits are so comfortable and at the same time very dressy.

A White Vest
To Complete Your
Summer Outfit.

We have just received a new shipment of plain white and figured vests. These are white with black figures and stripes. Every man should have a few fancy vests, and we make the possession of them so easy that he cannot afford to be without them.

SCOTTDALE.

Breezy Paragraphs Picked Up in the Mill Town.

Scottdale, June 7.—Donald J. Cowling returned to his studies at Yale College, New Haven, Conn., Saturday morning, after spending several days here visiting his parents, Rev. and Mrs. J. P. Cowling.

Alex. Camlin of Wilmerding spent Sunday here visiting his mother, Mrs. Margaret Camlin.

G. F. Saxman of Latrobe spent Friday and Saturday visiting his friend, Henry M. Leighty, near town. Mr. Saxman was a classmate of Mr. Leighty at the Leech Business College, Greensburg.

Mr. and Mrs. John H. Brownfield came down from Uniontown on Saturday and spent Sunday here visiting their parents, Mr. and Mrs. J. C. Brownfield and Martin H. King, East Scottdale, and other friends. Mrs. Brownfield is spending the week here.

Mrs. Anos Farley and children returned to their home at Pitcairn on Saturday afternoon after spending the week here visiting the family of her brother-in-law, Fred Farley.

On account of the rain on Saturday night the lawn fete given by the Presbyterian girls had to be moved to McCrary's porch on Hickory street, instead of the Reid lawn on Chestnut street. The G. A. R. band was present during the evening and the young ladies realized a nice sum of money which will be used for the church.

The first commencement in connection with the Peterson Business College of Scottdale will be held in the Geyer Opera House on Thursday evening, June 23, at 8 o'clock. For the first commencement there are 45 pupils who will receive diplomas, graduating from different departments. The exercises in the Opera House will consist of an address by Judge L. W. Doty of Greensburg, Prof. C. S. Connell of the California, Pa., Normal will render several selections on the violin and a Miss Taylor of the Normal will be the soloist.

The annual convention of the Allegheny branch of the Y. P. C. U. of the U. Church convenes at Johnstown tomorrow and remains in session till Thursday evening. A good program of topics relative to the young people will be carried out. Miss Jessie Hellen will represent the Scottdale Society and Rev. L. W. Leichter of Sefton, who is the corresponding secretary and treasurer of the branch, will represent the Mt. Nebo and Ovensdale societies. Rev. L. W. Stas of Everson is a member of the executive committee and will also likely be in attendance.

The annual Children's Day exercises were held in the Scottdale United Brethren Church on Sunday last at both the morning and evening services, to two large congregations, the evening congregation filling the large auditorium and Sunday school room.

CHAPTER XVI.

THERE were two entrances to the channel, lying perhaps a half mile apart, the first the better and more practicable, and certainly, with the frigate rapidly drawing near, the safer. They were almost abreast of the first one now, Bentley, who had been observing him keenly, came up to him.

"We are almost abreast of the first pass, Mr. Seymour," he said respectfully.

Seymour turned as if he had been struck. Was the decision already upon him? He could not make it.

"We will try the second, Bentley."

"Sir," said the old man, hesitating and yet persisting, "the frigate is coming down fast; we may not be able to make the second pass."

"We will try the second, nevertheless," said the young man imperatively.

"But, Mr. John!"

"Silence, sir! What have you banded words with me before?" shouted Seymour in a passion of temper. "Go forward where you belong."

The old man looked at him steadily.

"When, sir? Why, ever since I took you from your dead father's arms near a score of years ago. Oh, sir, I know what you feel, but you know what you must do. It's not for me to tell you your duty," said the old man, laying heavy emphasis upon that full-sounding word "duty," which seems to appeal more powerfully to seamen than to any other class of men. "Love is a mighty thing, sir. I know it yes, even I," he went on with rude eloquence, "ever since I took you when you were a little lad and swore to watch over you and care for you and make you man of you-aye, and I've done it, too—and the love of a woman, sir, is stronger than the love of my thoughts that I know nothing but honest integrity are good love, sir, and upon your honor and your doing your duty our country depends. Yes, love of woman, Mr. Seymour, but before that love of country, and now?"

said the old man mournfully, "after twenty years of—of friendship, if I may say it, you order me forward like a dog. But that's neither here nor there if you only save the ship. Oh, Mr. John, in five minutes more you must decide. See"—pointing to the frigate—"how she rises! Think of it. Think of it once more before you jeopard the safety of this ship for any woman. Honor, sir, and duty—it's laid upon you; you must do it—they come before everything."

Seymour looked at the old man tenderly and then grasped him by the hand. "You are right, old friend. Forgive my rough words. I will do it. It kills me, but I will do it—the country first of all. O God, pity me and help me!" he cried.

"Amen," said Bentley, his face working with grief, yet resolute in its determination and resolution.

Seymour turned on his heel and sprang aft, bringing his hand up while up to his heart. As he did so his fingers instinctively went to the pocket of his waistcoat and sought the letter he carried there. He took it out half-mechanically and glanced at the familiar writing once more, when a sudden gust of wind snatched it out of his hand and blew it to the feet of Talbot.

"My letter!" cried Seymour impulsively.

The soldier courteously stooped and picked it up and glanced down at the open scrap mechanically as he extended his hand toward Seymour; then the next moment he cried:

"Why, it's from Katherine!"

One unconscious inspection sufficed to put her in possession of the contents. "Where did you get this note, sir?" he exclaimed, his face flushing with jealousy and sudden suspicion. "It is mine. I am the one she loves. How came in your possession?" he continued, in rising heat.

Seymour, already unstrung by the fearful strain he had gone through and the frightful decision he would have to make later on—had made after Bentley's words—was in mood to be unfeigned.

"I am not in the habit of answering such personal questions, sir. And I recognize no right in you to so question me."

"Right, sir! I find a letter in your possession with words of love in it from my betrothed, a note plainly meant for me and which has been withheld. How came it so?"

"And I repeat, sir, I have nothing to say except to demand the return of my letter instantly. It is mine, and I will have it!"

"Do you know, Mr. Seymour, that we have been pledged to each other since childhood, that we have been lovers; she is to be my wife? I love her and she loves me. Explain this letter then."

"It is false, Mr. Talbot. She has pledged herself to me—yes, sir, to me. I care nothing for your childish love affairs. She is mine, if I may believe her words, as is the letter which you have lately read. You will return it to me at once or I shall have it taken from you by force!"

"I give you the lie, sir, here and now!" shrieked Talbot, laying his hand upon his sword. "It is not true; she is mine. As for the note—I keep it!"

"Do you know, Mr. Seymour, that we have been pledged to each other since childhood, that we have been lovers; she is to be my wife? I love her and she loves me. Explain this letter then."

"I give you the lie, sir, here and now!" shrieked Talbot, laying his hand upon his sword. "It is not true; she is mine. As for the note—I keep it!"

Seymour controlled himself by a violent effort and looked around for some of his men. Wilton and Bentley had come aft in great anxiety, and the whole crew were looking eagerly at them, attracted by the aroused voices and the passionate attitude of the two men. For a moment the chase was forgotten.

"Oh, Hilary!" said Philip, addressing his friend.

"Tush, Philip! This man insults your sister. I am defending her honor."

The lad hesitated a moment; discipline was strong in his young soul.

"That is my duty—Mr. Seymour," he said.

Seymour turned swiftly upon him.

"What are you doing here, Mr. Wilton? All hands are entangled, are they not? Your station is on the forecastle, then, I believe," he said with deadly calm. "Oblige me by going forward at once, sir."

"Go, Philip!" cried Talbot. "I can take care of this man."

"After here two or three of you?" continued Seymour, his usually even voice trembling a little. "Seize Lieutenant Talbot! Arrest him! Take his sword from him and bind me the letter he has in his hand, and then confine him in his cabin."

"Two or three of the seamen came running aft. Talbot whipped out his sword.

"The first man that touches me shall have this through his heart!" he said.

12 WORKMEN KILLED.

Blown Up by Dynamite at Independence, Col., While Awaiting Train.

RIOTING FOLLOWS AT VICTOR

Several Men Slain and Wounded—Militia Charges Union Miners and Kill Several—Bitterness Engendered by Strike Verges on Civil War.

Denver June 7.—A reign of terror brought on by a dynamiting plot followed by rioting and an assault on the militia exists in the Cripple Creek mining region. Armed men through the streets and conflicts are of hourly occurrence. Militiamen are marching hither and thither making arrests by wholesale. A number of union miners have been placed in the military but pens and others are gathered in frequent intervals.

City and county officers have been compelled to resign because of their repudiated sympathy with lawbreakers. As near as can be estimated 22 are dead and a score are injured as a result of the events leading up to the lawless conditions that now prevail.

Colorado Springs, June 7.—A special from Victor says Sheriff Bell has sworn in 300 deputies. At midnight more than 100 arrests had been made.

Victor Col. June 7.—A persistent rumor is current here to the effect that Sheriff Bell was shot and killed last night.

Cripple Creek, Col. June 7.—Twelve men were killed and seven severely wounded by the explosion of an infernal machine at the railroad station in Independence. Eleven men were killed outright, blown down to pieces and one died later from his wounds. All the killed and injured with the exception of two men from the Deadwood mine were nonunion miners employed on the night shift of the Flinley mine.

Bloodhounds Are Sent For

The infernal machine with which the murder was committed consisted of a quantity of dynamite probably 300 pounds a loaded revolver and a long fine steel wire attached to the trigger. The revolver was fastened so that the pulling of the trigger would not draw it away. The wire ran from under the station platform to the crumbing of the Delmonico property about 400 feet away where its end was fastened to a ring of a chair. The dynamite was placed close to the muzzle of the revolver which was discharged by pulling the wire. The ball from the revolver and the resultant concussion exploded the dynamite.

A man was seen running down the hill from the Delmonico property after the explosion. The Victor troops who were ordered out by Major French were so stationed as to keep people from passing over the path taken by this man and bloodhounds were sent from Canon City and Trinidad to trail the assassin.

The infernal machine used was similar to the one exploded in the Virdenior mine on Nov. 21, 1903, killing two men.

The men quit work at 2 o'clock in the morning and were waiting to board a suburban train on the Florence and Cripple Creek railroad to return to their homes in Cripple Creek and Victor.

Just after the clang of the approaching train blew the whistle as a signal to the miners according to custom a terrific explosion occurred underneath the station platform, on the hearth of which 12 men were gathered. The explosion was blamed on the miners as they were working and a hole 10 feet in circumference and 20 feet in depth was torn in the ground. Fragments of bodies were buried several hundred feet.

Pieces of bodies strewn about. Seven bodies dropped into the pit made by the explosion but heads, hands, ears, legs, arms and trunks were strewn about on all sides. Peculiar of flesh buildings 300 feet apart while splashes of blood were found on everything within a radius of 50 feet.

The dead are Gus Augustine aged 16, Arthur Murlane relatives in Germany, Henry Isaac Alexander McLane, Charles C. Barber, Herbert McCoy, J. H. Hartzell, William E. Shandlin, E. Kelso, W. W. Delaney, Edward Ross, E. H. Johnson.

The injured Phil Chaudier, J. A. Brooker, Edvard Holland, John Pollock, Tom Sinclair, Dan Gaine, Clarence Allen.

By order of Major Naylor of the national guard the bodies were removed from the coroner's establishment to an undertaker's rooms. This action was taken on request of J. S. Murphy, superintendent of the Findley mine, because it was alleged that Coroner James Doran had remarked before the discovery of the infernal machine that the death of the men was due to an accident. Later Coroner Doran explained that although he had spoken of the disaster as an "awful accident," he was convinced that a terrible crime had been committed.

Clarence Hamblin of the Mine Owners' association has arrived at Victor and has taken charge of affairs there. He declared that the men who are responsible for the independence outrage should be hanged from a telephone pole and that he would be only too glad to help pull the rope if the murderers could be discovered and captured. A squad of soldiers under the command of Major Naylor notified all hardware and gun stores in Victor not to sell or furnish gun ammunition without a permit from him or the police authorities, and those to take the name and description of the purchaser. The demand will be complied with.

Among the mines that have already closed down are the Stratton, Independence, First Dollar, Phoenix and Schurtorf. These properties employ nearly 1,000 men.

City Marshal O'Connel of Victor was suspended by Major French and Major H. A. Naylor was appointed provisional marshal. O'Connell yield

ed although he was strongly urged by union miners to resist.

Denton June 7.—The Western Federation of Miners will investigate the dynamite outrage at Cripple Creek. At the session of the Federation's convention a committee was appointed to go to the Cripple Creek region to make a thorough investigation of the affair and to spare no one in its report.

RIOTING AT VICTOR.

Tragedy at Independence Leads to Trouble in Another Town

Victor, Col. June 7.—Deadly rioting broke out in Victor while a mass meeting was holding to discuss the murder of 12 nonunion miners by dynamite. Five shots were fired in the audience in the meeting. R. McCor-
t, of Victor, was shot dead and at least six persons were injured.

Secretary Hamblin of the Mine Owners' association was giving a short address and in conclusion said:

I want to hear what the boys in the mines have got to say about this trouble referring to the independent miners.

William Hoblitzel, a union miner from Goldfield, threw up his hand and shouted: Let me talk.

At this the crowd began to hiss Hostis, ad cetera. Hoblitzel went free for all right followed shouting. Most of the shots were directed at Hoblitzel in the body and the crowd scattered.

Previously to the rioting Sheriff Robertson had been summoned to a meeting of the mine owners' association in an army hall. At this meeting Robertson's resignation was demanded. He yielded to the demand. Then Edward Bell was appointed by the county commissioners to fill Roberton's term. Robertson was a timber miner before he was elected sheriff. Bell is a member of the Citizens' alliance.

Nearly all the mines in the region had been closed by order of the mine owners' association and hundreds of miners fled to town from the surrounding hills. Fully 1,200 miners of the association gathered about the armor at a mass meeting. At the same time 1,000 men armed with all sorts of weapons were assembled on the Victor ground at Victoria Park and Fourth street. Hoblitzel came to call for a union miners meeting. Not all these were union men who declared their intention to return to the dead and attempt to run them out of the region. City Marshal Michael O'Connel who had been refused admittance to the mine owners' headquarters hurriedly swore in several hundred deputies most of whom were men of deputy policemen.

Soldiers have already arrested three editors and printers of the Daily Record and City Marshal O'Connel put them in the hull pen. All mine owners are carrying weapons.

PEABODY SUSTAINED.

Colorado Supreme Court Refuses to Order Meyer's Release

Denver June 7.—The state supreme court has refused the application for a writ of habeas corpus made by Charles H. Meyer, president of the Western Federation of Miners. He is held as a military prisoner at Fort Huachuca, Ariz., in order of Governor Petrie.

The opinion of the court was given by Chief Justice Cobell. His main points are as follows:

The governor has sole power to determine when a state of insurrection exists in any country he holds the courts have no power to interfere with his exercise of this prerogative.

He has the right to use the military forces of the state to suppress insurrection.

He is the power to order the imprisonment of the leaders of his opponents in his own or other states.

He can detain military prisoners until he learns that the section is quiet.

The counts of the state have no right to interfere with his military authority or his commanding of pris-

ons."

They have no power to attempt to discharge military prisoners.

The contention of the applicant that the military prisoners should be turned over to civil authorities is characterized by the court as absurd.

The question which the court was asked to decide was wa of such visit importance to the state that seven prominent lawyers were asked as advisory counsel to submit opinions. Charles Hughes, one of them, it is said, did not send in any opinion. The others split evenly. Those who sustained the position of the governor were Attorneys L. M. Goddard, Platt Rogers and A. C. Field, former Governor Charles S. Thomas, Leroy Stevick and Harvey Ridder dissented.

BAD BREAK IN RANKS.

Twenty Lake Captains Quit Masters and Pilots Association

Cleveland June 7.—The most serious break in the local end of the union up on the great lakes is the withdrawal of 20 or more captains from the Masters and Pilots association.

The names of 11 of the men are given but the others do not wish their identity made known. They will not speak.

Captain Mitchell of the Mitchell fleet says that he has assurances that 14 of his captains will resign from the Masters and Pilots association.

The number of men are also understood to have gone back to work with the Gilchrist fleet and have been requested to withdraw from their association.

A member of the Lake Cities' association said that they expected to have 70 boats in commission by Wednesday and some of them would be among the largest on the lake.

The Masters and Pilots association has voted to affiliate with the American Federation of Labor.

Earthquake in Chile.

Lima, Peru June 7.—Ama and Africa in Chile were shaken by a tremendous earth tremor at 1:30 a.m.

The inhabitants ran into the streets in their night clothes. The walls of many buildings were cracked and the sea agitated.
